## Work sample with the Nidec GPM Group

### We don't just talk. We do it!

The company FAB Bertelmann Technologie delivered the Nidec GPM Group a foretaste with the first free of charge work sample of one Mixed Reality projection of two water pumps and got overwhelming positive feedback.

### Our Teamspirit will inspire you

We work together with you for a better future and develop a technology, that sound's like pure science fiction. Soon, in the not so far future, it will belong to your daily business!

- PowerGen Engineering
- Design2Cost Nutzer von DFMA®
- FEM -und CFD Analysen
- Schwingungs -und Rotordynamik
- Toolkit für Prozessoptimierung
- Mixed Reality mit Microsoft HoloLens®
